

HEAVY-DUTY GATED HANDLINE CARRIER

PERFECT FOR THOSE WORKING TRANSMISSION & CARRYING EXTENDED LENGTHS OF ROPE

Belt Clip

Reduced size keeps securely in place even when leaning out for work.

Belt Clip Hole

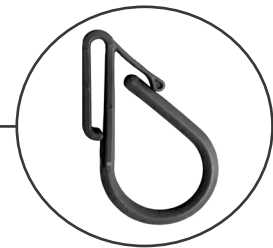

Easily secure handline carrier to a body belt with a bolt or zip tie (zip tie included).

Handline Gate

Prevents tools and handlines from inadvertently coming off while climbing or working.

Increased Strength

Strength is increased by 10 lbs. when the gate is locked.

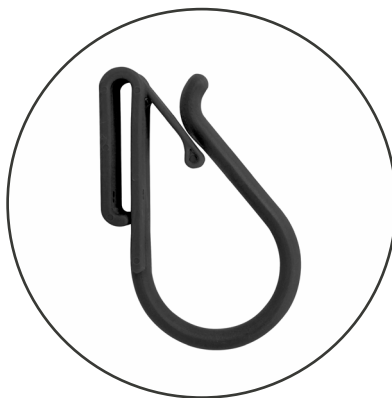

Heavy Duty Material

Designed to breakaway when approximately 33 lbs. of pressure is applied.

Heavy-Duty Gated Handline Carrier © 2402GH

Buckingham's new Heavy-Duty Gated Handline Carrier takes a great product (2402G) and improved upon it in a number of ways. The Heavy-Duty Gated Handline Carrier is a rigid handline carrier with a hole to easily secure it to the body belt with a bolt or zip tie, that is designed to breakaway when approximately 33 lbs. of pressure is applied, allowing the handline to break free. With the gate locked, the breakaway strength increases by 10 lbs. Ideal when using the OX Block™ and related accessories.
