**Buck Big Mouth Bag
47333G9R5S**

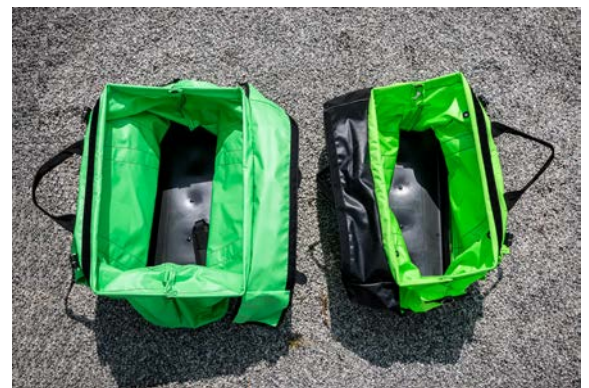

The Buck Big Mouth Bag is a new and improved equipment bag with an extended wide mouth (15 1/2" x 22") to make it easier and faster for workers to store all of their PPE, gear, tools, and other items in their bag with ease. No more struggling to get your essentials into your bag and no more fighting to get it closed.

Other features include top grain reinforced leather straps that are double riveted, industrial weight nickel plated snaps on pockets and heavy duty nylon web handles sewn around the bag for accessible carrying.

Color black also available. Use model **47333B3R5S** when ordering.

Compare to the opening of an average equipment bag!
